PROFESSIONAL SUMMARY

With over 3 years of experience in the IT department of Capital Small Finance Bank, I possess extensive knowledge of the banking domain and software flow. My expertise includes maintenance and documentation of mobile applications, internet banking, and CBS software. Over the past 3 years, I have been actively engaged in manual testing, and in the last year, I have transitioned to self-learning automation testing. Astute Software Test Engineer committed to enhancing and evolving usability, functionality and security. Raises performance quality through effective tool and technique selections. Collaborates well to improve team success against programme targets.

EXPERIENCE

QUALITY ASSURANCE & SOFTWARE SUPPORT, 05/2021 - Current

Capital Small Finance Bank Limited, Jalandhar, India

- Provide assistance and input into the planning and implementation of software development projects to both internal business units and external customers.

Title : Mobile Banking Application

Client : Capital Small Finance Bank

Duration : Dec 2021 till date

Tools used : JIRA, Gitea, openProject, Manual Tesing

Role : Test Engineer/Support Engineer

Roles & Responsibilities:

- ☐ Involved in executing all Manual test cases and understood the test cases
- Proficient in documenting mobile banking features, ensuring comprehensive coverage of functionalities and user interactions for enhanced user experience.
- Testing the integration of a new module into existing systems.

PROJECT 4

Title : Core Banking System (CBS)
Client : Capital Small Finance Bank
Duration : June 2021 till date
Tools used : Manual Tesing
Role : Test Engineer/Support Engineer
Roles & Responsibilities:

-  Involved in executing all Manual test cases and understood the test cases
- Proficient in documenting mobile banking features, ensuring comprehensive coverage of functionalities and user interactions for enhanced user experience.
- Testing the integration of a new module into existing systems.

TECHNICAL SKILL

- Good knowledge on SQL .
- Experience in using Automation tool like Selenium WebDriver.
- Participation in Handling of Select and Actions classes.
- Involvement in Dropdown and Suggestion Menu Handling.
- Proficient in TestNG Annotations, Group, Parallel & Batch Execution.
- Good knowledge on SDLC and STLC.
- Skills on integrating existing Framework with Build Testing Tool
- Good Exposure on Handling Frames.
- Selenium WebDriver
- TestRail
- LoadRunner
- SQL
- Development Agile Regression Testing
- Test implementation
- Debugging Project planning
- Testing and maintenance Docker
- JUnit adept
- Selenium IDE
- Manual test case preparation
- Jira
- Gitea
- AWS (EC2)
- Java

EDUCATION

Lovely Professional University, Phagwara, 05/2021
MASTER COMPUTER APPLICATION: Specialization in data science
Specialization in data science. **GPA: 7.0**

CT Group of institutions, Jalandhar, PB, May 2019
Bachelor in ComputerApplication: Computer Application

Kendriya Vidyalaya No, Jalandhar Cantt, 05/2016, 62
Intermediate

Kendriya Vidyalaya No, Jalandhar Cantt, 05/2015
10th
